History of Social Formations in India

INTRODUCTION

Before discussing social formations with reference to India, it might be useful to briefly survey some of the social formations of the pre-modern world so as to place the historical experience of India within the Marxist framework which views history as a succession of modes of production. As we know the application of the framework to the study of Indian history has been a problem because of the understanding of Marx and Engels that a distinct Asiatic mode of production prevailed in India prior to British rule. We shall return to this problem in the second part of the discussion. Suffice it to say here that leading Marxists who have researched on Indian history over the past five decades or so are generally in agreement that the concept of the Asiatic mode of production needs to be dispensed with. However, there is still no consensus on whether the sequence primitive communism—slavery—feudalism—capitalism (P-S-F-C), derived essentially from the European experience, is valid for India.

In terms of world history, the origins of class society and early state formation are demonstrated in the historical record with unusual
